OUR ENVIRONMENTAL COMMITMENT

In addition to being committed to making the best sammies and salads in the Santa Barbara area, we are committed to do the right thing with respect to the environment.

All the single use products we use are made from sustainable, renewable, and compostable materials such as switchgrass, bagasse, and PLA, a plant-based polymer. All our paper products such as napkins, paper towels, letterhead, and business cards, are made from 100% recycled materials, this menu included. We also participate in city and county programs where available, in order to divert waste from landfills back into the soil. Please be sure to recycle this menu when you're done with it, or better yet, return it to the store so someone else may view it.
